SECTION 6: ACCIDENTAL RELEASE MEASURES

ACCIDENTAL RELEASE MEASURES:

Small spill; use appropriate tools to pick up, remove residue with water and evacuate through the sanitary system.

Large spill: Vacuum, or use liquid absorbing material (sand, sawdust, etc) to shovel. Rinse residue with water. Dispose of shoveled material properly. Evacuate liquid through the sanitary system. Large spills into waterways can cause harm to plants and animals. Advise local water authorities until natural dilution returns boron and pH levels to background levels. Detox CP is a non-hazardous waste when spilled or disposed of, as defined in the Resource Conservation and Recovery Act (RCRA) regulations (40 CFR 261).

SECTION 7: HANDLING AND STORAGE

HANDLING AND STORAGE: Danger of slipping on spilled product. Avoid contact with skin and eyes.

OTHER PRECAUTIONS: Shelf life 12 months, do not store below 40 F, do not freeze, do not evaporate to a solid. If precipitation of salts is evident mix well, heat or dissolve in hot water per labeled instructions.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

ENGINEERING CONTROLS: Ensure adequate ventilation

VENTILATION : Ensure adequate ventilation

RESPIRATORY PROTECTION: Not applicable with adequate ventilation
